

5207DFNTHART

ProSoft Gateway Ethernet/IP to Hart Multi-Drop

Component type	Fieldbus, decentr. periphery - communication module
Range	Stand-alone
Model	N/A
Alternative	NO ALTERNATIVE ITEM

The ProSoft Technology stand-alone DIN rail-mounted industrial gateways provide an easy to use solution to read or write data from devices using different protocols. All Prosoft gateways are equipped with ProSoft Discovery Service (PDS) software which automatically detects the default IP address without being on the same subnet, saving setup time and enabling faster configurations of our networks

ELECTRICAL	Supply voltage DC	18 - 36 V
	Voltage type of supply voltage	DC
COMMUNICATION	Supporting protocol for EtherNet/IP	Yes
DIMENSIONS	Width	52.5 mm
	Height	132.0 mm
	Depth	114.8 mm
