

CPTPSC412400IR

Cirprotect PSC SPD 1 & 2 3 Phase L-L & L-N & N-PE limp 12.5kA
Imax 65kA 400Vac

| | |
|-----------------------|--|
| Component type | Surge protection device for power supply systems |
| Range | PSC |
| Model | N/A |
| Product status | Existing |

The Cirprotect CPS Block Surge Diverters are proven to exceed UL 1449 4th Edition standards, ensuring their reliability and effectiveness in protecting your electrical equipment from power surges. A compact design ensures easy installation and integration into any electrical system, saving both time and resources.
