

KTS01141

STEGO KTS Thermostat Compact Cooling 0 to plus 60 Degrees Celsius 1 Normally Open Contact

THERMOSTATS AND HYGROSTATS

Component type	Thermostat/hygrostat (switchgear cabinet)
----------------	---

Range	Thermostats / Regulating
-------	--------------------------

Model	N/A
-------	-----

Alternative	KTS11101000
-------------	-------------

Manufactured in Germany, the Stego regulating devices provide precise and reliable control of climate control devices such as fans and heaters. They are fast and easy to install and offer long service life.

ELECTRICAL

Rated switching capacity AC	250 A
Rated switching capacity DC	24 A
Switching voltage	250 V
Voltage type	AC/DC
Type of switch function	Normally open contact (NO)

CONSTRUCTION

Model	Thermostat
Temperature setting range	0...60 °C
Mounting method	DIN rail
IP rating	IP20
With sensor	No
With digital indication	No

ENVIRONMENT

Operating temperature	-45...80 °C
-----------------------	-------------
