LED02540101

STEGO LED025 Lamp 24 to 48V DC 5W On Off Switch Screw with Connector

ENCLOSURE LIGHTING

Component type	Luminaire (enclosure/cabinet)
Range	LED025
Model	N/A
Product status	Existing

Stego LED025 enclosure lights are compact and can be installed in all types of panels and enclosures. They have a very long service life and low power consumption. Three different fixing options provide flexibility for installation. The power output allows up to 10 lights to be connected to each other, with both the input and output plugs snap-locking into place.
