Socomec ATyS Gasket, IP65, suits C55 and C65 Controller

AUTOMATIC TRANSFER SWITCHES

Component type	Accessories/spare parts for low-voltage switch technology
Range	Transfer Switch Controller
Model	N/A
Product status	Existing

NHP's CIP controller kits (C55 or C65 controller versions available) are designed to be directly compatible with Terasaki MCCB basic transfer switches and Terasaki TemPower 2 AR ACBs, conveniently assembled to avoid the installer needing to complete time-consuming wiring. Please contact NHP for selection advice prior to purchase.

CONSTRUCTION

Accessory	Yes
