The Allen-Bradley Ex I/O modules are an intrinsically safe distributed I/O platform that can be mounted in either Zone 1 or 2, Class I or Div 2 hazardous areas. It integrates devices via EtherNet/IP™ in a chassis-based I/O design reducing the need for additional hardware and wiring. Allowing flexible configuration options ranging from 10 to 40-slot and covered by bulletin numbers 1718 and 1719.
