|---|---|
| **Component type** | Accessories/spare parts for overload protection device |
| **Range** | E100 |
| **Model** | N/A |
| **Product status** | Existing |

The Allen-Bradley E100 Electronic Overload Relays are the next generation basic-tier electronic overload relays. Accurately measuring a motor's current load and temperature they can de-energise the motor minimising overheating damage. Featuring increased accuracy and repeatability, a self-powered design with lower heat dissipation and certifications and optional customisable accessory modules.
