

CSL02810000

STEGO Fan Heater H90 x W85 x D113mm 400W 230V AC

Component type	Heating (enclosure/cabinet)
Range	Semiconductor Heater
Model	N/A
Product status	Existing

The Stego heaters are available in a range of sizes, outputs and operating voltages, to effectively prevent condensation inside the enclosure in low ambient temperatures. Manufactured in Germany, they offer long life and a reliable operation.

ELECTRICAL	Voltage type	AC
	Operating voltage at AC 50 Hz	230 V
	Max. starting current	0.38 A
COMMUNICATION	With room temperature controller	No
CONSTRUCTION	IP rating	IP20
	Material	Plastic
	Mounting method	DIN rail
MECHANICAL	With fan	Yes
	Cooling air flow rate	45 m³/h
DIMENSIONS	Width	85 mm
	Height	90 mm
	Depth	113 mm
ENVIRONMENT	Operating temperature	-45...70 °C
