ProSoft Flex I/O Generic ASCII Serial Single Port Interface Module

Component type	PLC analogue/digital I/O-module
Range	Flex IO Comms
Model	N/A
Alternative	NO ALTERNATIVE ITEM

The ProSoft Flex I/O Communication modules for Rockwell Automation FLEX I/O and FLEXLogix (1794) processors. All ProSoft Technology FLEX I/O modules are backplane compatible with the processor. The interface modules allow FLEX processors to communicate with a variety of non-Rockwell protocols or networks.
