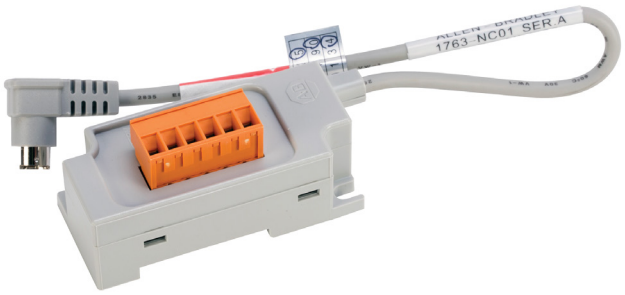
1763NC01

Allen-Bradley MicroLogix 1100 Cable Channel 0 8Pin DIN to RS485 6 Pin D Shell 30cm

MICRO CONTROL SYSTEMS



Component type	PLC connection cable
Range	MicroLogix
Model	N/A
Product status	Existing

Allen-Bradley MicroLogix™ 1400 programmable logic controllers are ideal for streamlining manufacturing processes. Available with EtherNet/IP™, on-line editing capability, built-in LCD panel, high I/O count, faster high-speed counters, pulse train output, use of RSLogix500 and enhanced network capabilities. A user-friendly and scalable solution for controlling complex processes and machinery.

ELECTRICAL	**Function**	PLC programming device
DIMENSIONS	**Length**	0.3 m
