193EOSSDS

Allen-Bradley E300 Diagnostic Station with 3m Cable

MOTOR PROTECTION

NHP Allen-Bradley

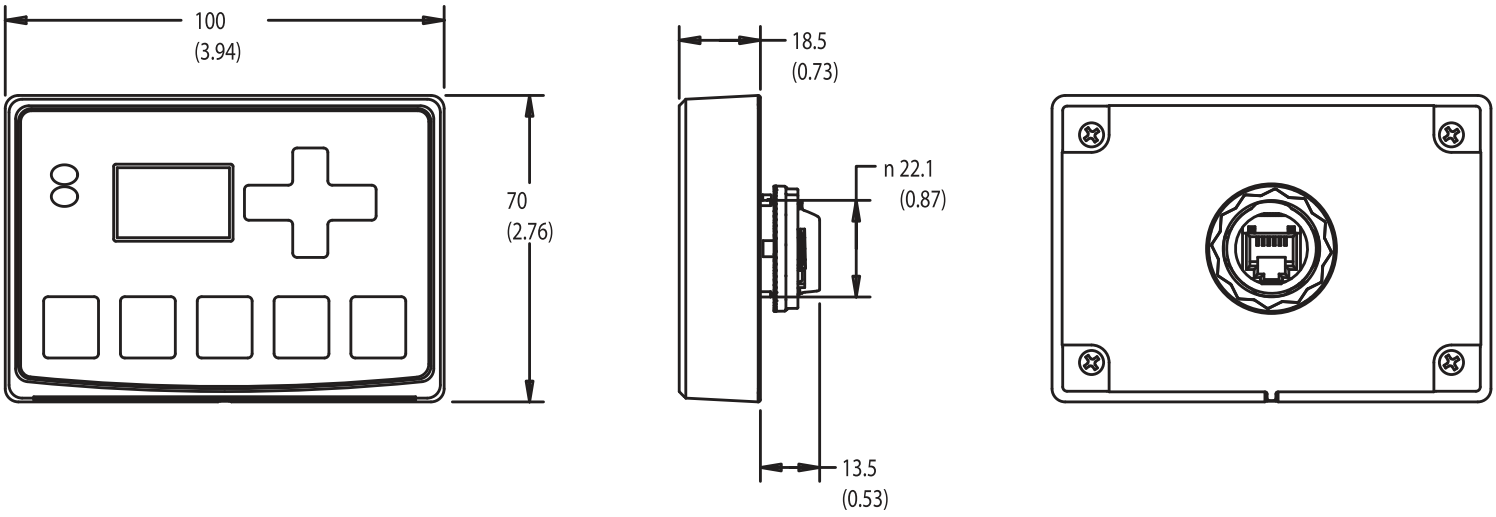

Component type	Operator panel for Motor management device
Range	E300
Model	N/A
Product status	Existing

The Allen-Bradley E300 (networked) Electronic Overload Relays are the newest technology for overload protection. The modular design consists of sensing, control and communications modules and provides diagnostic information with simplified wiring, and integration into CCW. They are the ideal overload for motor control applications in an automation system.

CONSTRUCTION	Number of status indications	2
	Number of buttons	10
	Number of displays	1
	Mounting method	22.5mm mounting
	IP rating	IP65
DIMENSIONS	Width	100 mm
	Height	70 mm
