Allen-Bradley E300 Control Module External Ground Fault Sensing and PTC 4 In 2 Out 24V DC

MOTOR PROTECTION

Component type	Extension module for motor management device
Range	E300
Model	N/A
Product status	Existing

The Allen-Bradley E300 (networked) Electronic Overload Relays are the newest technology for overload protection. The modular design consists of sensing, control and communications modules and provides diagnostic information with simplified wiring, and integration into CCW. They are the ideal overload for motor control applications in an automation system.

ELECTRICAL	**Control supply voltage Us at DC**	24 V
	Number of outputs, with contact	2
CONSTRUCTION	**Model**	Control device
	Number of digital inputs	4
	IP rating	IP20
