NHP QWIKWIRE Cable Duct Cutting Tool with Accessories

ELECTRICAL ENGINEERING PRODUCTS

Component type	Shears
Range	Cable Duct Tools
Model	N/A
Product status	Phased Out

NHP's Moulded Case Circuit Breaker Chassis system offers an efficient and reliable solution for mounting MCCBs in groups, as part of a larger power distribution system. Our High current chassis busbar systems suit TemBreak PRO thermal magnetic and electronic MCCBs up to 1250A and include double and single-sided options. Rear-connect breakers offer additional safety.

CONSTRUCTION

Model	Duct shears
Material handle	Metal
Blade	Plain
With wire cutter	Yes
