5069L4UPSRTB

Allen-Bradley CompactLogix 5069 5480 Terminal Controller Ups Screw Resistance Temparture Detector

MID-RANGE CONTROL SYSTEMS

Allen-Bradley

Component type	
Range	CompactLogix 5069
Model	N/A
Product status	Existing

The Allen-Bradley CompactLogix™ and Compact GuardLogix® 5480 and 5380 controllers provide improved productivity and security to meet the demands of smart machines and manufacturing equipment. Ideal for applications requiring high-performance communications, I/O and motion control for up to 32 axes. Feature a programming environment, diagnostics and integration with the PlantPAx® 5.0 system.
