Fibox DIN Rail 35x105mm Suit Euronord Aluminium

WALL MOUNT ENCLOSURES

Component type	Mounting accessories (enclosure/cabinet)
Range	Euronord ALU
Model	N/A
Product status	Existing

The Euronord range is designed to house DIN-rail mounted terminal blocks and varying sensor types, which simplifies installation time in these types of applications. The size range provides flexibility and simplifies selection. Aluminium provides EMC shielding, high corrosion resistance and good heat dissipation.
