

MP3025

Fibox Terminal Box Accessory Mounting Plate Steel suits 30 and 25 Series Enclosures

Component type	Mounting plate for distribution board
Range	Cardmaster PC
Model	N/A
Product status	Existing

The Fibox Cardmaster range provides two separate compartments - one for wiring and one for circuit boards, thus simplifying installation. Ideal for packaging instrumentation, measurement, monitoring and process control equipment. Polycarbonate provides high UV resistance, making this range ideal for outdoor installations.

CONSTRUCTION	Material	Steel
	Perforated	No
	Surface protection	Galvanized
DIMENSIONS	Height	282 mm
	Width	215 mm
