NLINE
WEATHERPROOF SWITCHES

Component type	
Range	NLINE Weatherproof Isolators
Model	N/A
Product status	Existing

NHP's NLINE weatherproof isolating switches are available in three current ratings and feature a large isolator handle for easy operation. A special gasket, stainless steel cover and screws increases ingress protection. The body is made of UV-resistant polycarbonate to offer extended life in outdoor applications. All switches are tested and approved to AS/NZS3133.
