Steute Wireless Magnetic Sensor Magnetic Sensor Plastic

WIRELESS DEVICES

.steute

Component type	Magnetic proximity switch
Range	Wireless Magnetic Switch
Model	N/A
Alternative	CALL FOR ALTERNATIVE

The Steute Wireless Magnetic Sensors provide a secure and efficient solution for detecting the presence of metal objects in various industrial settings. These sensors offer reliable and accurate detection, even in harsh environments, and their wireless capabilities ensure a quick and easy installation without the need for cables.

ELECTRICAL	**Type of actuation**	Magnet
CONSTRUCTION	**Construction type housing**	Cuboid
	Material housing	Plastic
DIMENSIONS	**Width sensor**	40 mm
	Height of sensor	39 mm
ENVIRONMENT	**Ambient temperature**	-20…65 °C
