193EXPPSAC

Allen-Bradley E300 Power Supply 110 and 240VAC E300 Expansion

MOTOR PROTECTION

NHP Allen-Bradley

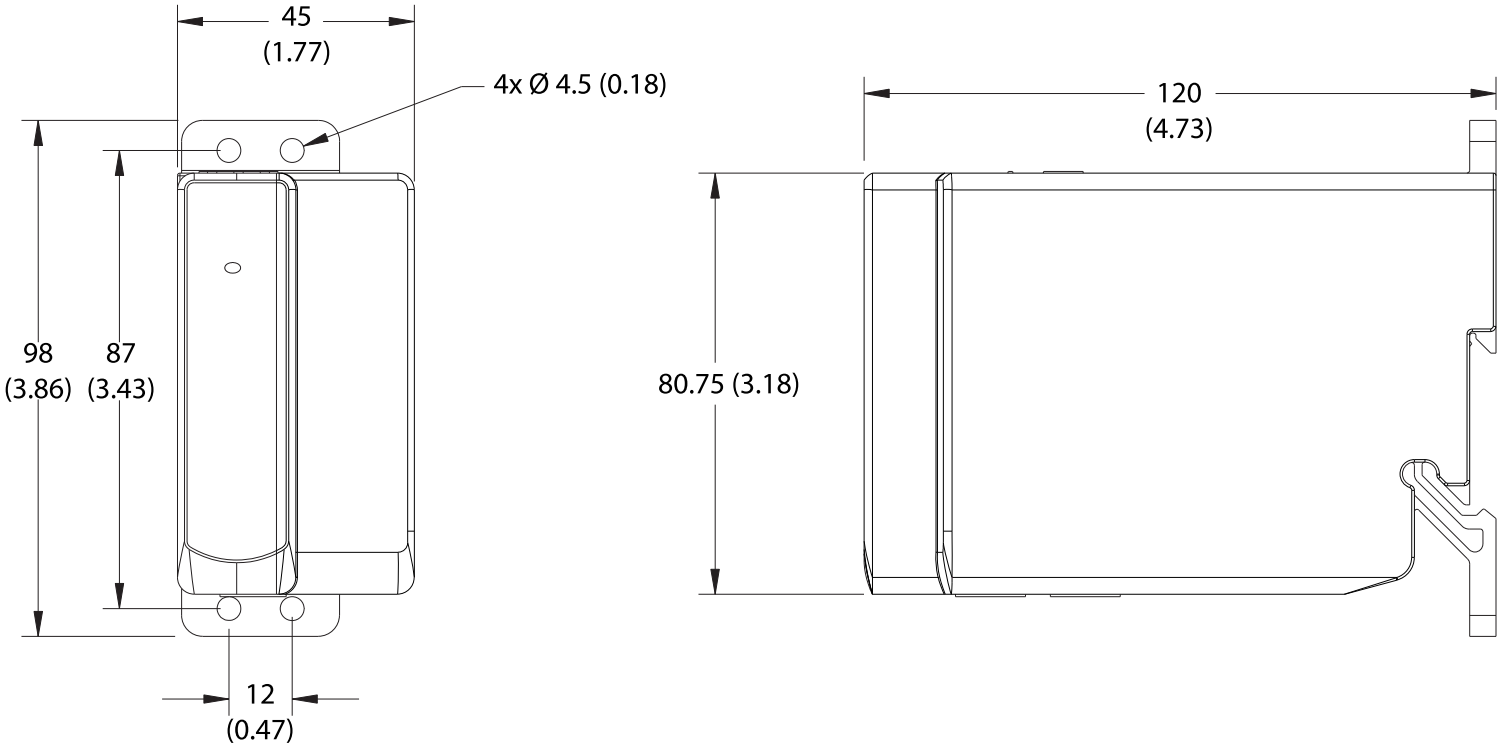

Component type	Motor management device
Range	E300
Model	N/A
Product status	Existing

The Allen-Bradley E300 (networked) Electronic Overload Relays are the newest technology for overload protection. The modular design consists of sensing, control and communications modules and provides diagnostic information with simplified wiring, and integration into CCW. They are the ideal overload for motor control applications in an automation system.

ELECTRICAL	**Rated control supply voltage Us at AC 50HZ**	110-240 V
	Rated control supply voltage Us at AC 60HZ	110-240 V
CONSTRUCTION	**IP rating**	IP20
