Allen-Bradley 440K Standard Actuator for Trojan T15 Tongue Intelock Switch

SAFETY INTERLOCK SWITCHES

Component type	
Range	440K Trojan T15/T15-GD2
Model	N/A
Product status	Existing

The Allen-Bradley Trojan™ T15 & T15-GD2 Tongue Interlock Switches are compact universal tongue or key operated safety interlock switches that fit at the leading edge of sliding, hinged or lift-off guards. Flexible design offers dual entry slots and rotatable heads, and four different options for actuator entry.
