DASY10240

Doepke Twilight Switch Twilight Switch 240VAC 10A

ELECTRICAL ENGINEERING PRODUCTS

Component type	Movement sensor for intrusion detection system
Range	Twilight Switch
Model	N/A
Product status	Existing

The Doepke DASY Twilight switch is a reliable and convenient solution for controlling outdoor lighting. Able to detect changes in ambient light levels and automatically turn lights on or off accordingly, saving energy and reducing costs. Built with durable, weather-resistant materials, suitable for use in any outdoor environment with easy installation and no maintenance.

ELECTRICAL	**Operating voltage**	240 V
	Excitation current	10 mA
	Power loss	3.3
	Switching-on delay	10 s
	Switch-off delay	40 s
CONSTRUCTION	**Mounting method**	Surface mounting
	Housing material	Polycarbonate (PC)
	IP rating	IP54
PHOTOMETRIC	**Light intensity range**	1-200 lx
DIMENSIONS	**Height**	70 mm
	Width	95 mm
	Depth	53 mm
	Weight	0.14
