MOLEDTLM02G

Moflash LEDTL Stack Light Module 18 LEDS Steady/ Flashing Mode IP65 24VDC Surface Mnt Green

STACK LIGHTS

Component type	Optical module for signal tower
Range	Stack Light
Model	N/A
Product status	Existing

The Moflash range of 70mm LED Stack Light Beacons are a versatile and efficient status indication solution in light commercial and industrial applications. Offered in a range of light (steady and flashing status) and sound (continuous and pulsating) modules, designed for easy stacking. LED beacons provide highly visible light output and long operational life.

ELECTRICAL	**Function**	Continuous-/flashing light
	Operating voltage	24 V
	Voltage type	DC
	Operating voltage at DC	24 V
CONSTRUCTION	**Colour**	Green
	IP rating	IP65
	Colour housing	Black
PHOTOMETRIC	**Lamp type**	LED
DIMENSIONS	**Outer diameter**	70 mm
