

PC36313

Fibox Cardmaster Terminal Box PC IP65 H316 x W390 x D167mm

TERMINAL BOXES

FIBOX

Component type	Electronic enclosure
Range	Cardmaster PC
Model	N/A
Product status	Existing

The Fibox Cardmaster range provides two separate compartments - one for wiring and one for circuit boards, thus simplifying installation. Ideal for packaging instrumentation, measurement, monitoring and process control equipment. Polycarbonate provides high UV resistance, making this range ideal for outdoor installations.

CONSTRUCTION

IP rating	IP65
Material	Polycarbonate (PC)
Colour	Grey
Colour cover	Clear
Surface finishing	Untreated
RAL-number	7035
Type of enclosure	Closed
With screening	No
With integrated PCB-mounting connection system	Yes
Rail mounting possible	Yes
Wall mounting possible	Yes
Side-by-side housing	No
With ventilation slots	No

MECHANICAL

Impact strength	IK07
-----------------	------

DIMENSIONS

Width	316 mm
Height	390 mm
Depth	167 mm

ENVIRONMENT

Operating temperature	-40...80 °C
-----------------------	-------------
