

ABD6024PROFW

AnyBus Defender 6024 Industrial PRO Firewall DIN Rail 2x SFP/4x RJ45 Ports Perpetual License 3Y Supp

Component type	Network router
Range	Defender
Model	N/A
Product status	Existing

The Anybus security portfolio comprises advanced industrial security appliances engineered to provide unparalleled protection for operational technology (OT) networks. Featuring a robust combination of NAT, Routing, Deep Packet Inspection (DPI), and VPN Server and Client functionalities, it serves as a cornerstone for safeguarding critical infrastructure against a myriad of cyber threats.

ELECTRICAL	Nominal current	1100 mA
	Supply voltage DC	24 V
COMMUNICATION	Ethernet	Yes
	USB	No
	NAT segmentation	Yes
	Number of ports 10/100/1000 Mbps LAN	3
	Transparent bridge segmentation	Yes
	OT/IT separation	Yes
	High-availability, multi-WAN, traffic shaping	Yes
	Number of ports WAN	1
	VPN	Yes
CONSTRUCTION	Firewall	Yes
	IP rating	IP50
	Mounting method	DIN rail (top hat rail)
	Small Form-factor (SFP) pluggable ports	Yes
DIMENSIONS	Height with connectors	179.7 mm
	Length with connectors	140.4 mm
	Width with connectors	69.6 mm
	Weight	0.13 kg
ENVIRONMENT	Operating temperature	0...50 °C
